Property Marking

Dot peen marking involves using a tungsten carbide-tipped pin to indent an object with dots to create a visible, permanent unique reference.

The unique reference is then put into the national immobilise property register database.

Marking something like increases the chances that you'll get it back if it's lost or stolen. It also helps us to get convictions as evidence when something is stolen.

It can be marked on everything from steel and aluminium to plastic, so you can mark almost anything, from farming equipment, power tools, to electrical devices, bikes, and equestrian tack.

If you're interested in getting your property marked contact us and we'll get in touch with you to discuss what property needs marking and how and when we might be able to get it done.

Any areas you would like the police to focus on

A score 1-5 rating your confidence in North Yorkshire Police.

How protecting your garden makes your home safer

It may not seem obvious, but protecting your garden and outbuildings like sheds not only keeps bikes and other valuables safe, but can also stop burglars accessing tools to get into your home.

Low front boundary: keep hedges and walls at the front of your house low (under one metre) so burglars have nowhere to hide.

Secure side gate; keep side gates locked at all times. Open gates mean burglars can easily access your home without being seen by passers-by or neighbours.

High side and rear boundaries with trellis and spiky defensive planting; keep hedges, walls and fences around your back garden high (over 1.8 metres). Add lightweight trellis to gates and fences and plant some prickly plants to make it harder for burglars to climb over.

Gravel driveway and path; gravel driveways and paths make it harder for burglars to go undetected.

Security light: install an outside security light so that intruders can't approach without being seen.

Intruder alarm system; install a burglar alarm system.

Secure your shed; always keep your shed locked and secured, and make sure it is anchored down to prevent it from being lifted in order to gain access. Often sheds contain valuables such as power tools and bicycles.

Never leave tools lying around; never leave tools lying around as they can be used as a way of breaking into your home.
